

## NEED HELP REACHING CUSTOMERS? We'd like to give you a helping hand.

Dear Valued Client,

During this time, it can be harder to reach people, and the best way is to reach out virtually to see if anyone needs help. We can offer support by promoting your services or products to our clients via email, and get news of your discounts or specials to a new clientele. We'll send out a weekly email on Thursdays to promote everyone who wants to participate that week. Please send in what you'd like to include by Tuesday of that same week.

We are all in this together and want to help out any way we can. Please email us if you'd like to take us up on our offer.

Stay safe and healthy.
